Art Unit: 1647

Filed: December 7, 1999

Examiner: D. S. Romeo

For: THERAPIES FOR ACUTE RENAL FAILURE

March 1, 2005

**RESPONSE TO RESTRICTION REQUIREMENT**

MS Amendment  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir:

An office action was mailed on February 1, 2005 in connection with the subject application. The office action provided a period of one month for filing a response *i.e.* by March 1, 2005. Accordingly, this Amendment is being timely filed within the extended period.

The Office Action requires an election between the *species* of standard markers of renal function recited in claims 54 and 55, *i.e.* between rate of increase in BUN levels, rate of increase in serum creatine, static measurement of BUN, static measurement of serum creatine, glomerular filtration rate (GFR), ratio of BUN/creatinine, serum concentration of sodium (Na+), urine/plasma ratio for creatine, urine/plasma ratio for urea, urine osmolarity, and daily urine output.

In response, applicants hereby elect with traverse the following species *for search purposes only*: glomerular filtration rate (GFR). Applicants submit that all pending claims read on the elected species. Applicants traverse the election requirement on the grounds that it would not pose an undue burden to the Examiner to search all the species.

Applicants respectfully remind the Examiner that upon allowance of the generic claims, applicants are entitled to consideration of claims to additional species which are written in

dependent form or otherwise include all the limitations of an allowed generic claim as provided by 37 CFR 1.141.

Applicant believes no fee is due with this response. However, if a fee is due, please charge our Deposit Account No. 18-1945, under Order No. JJJ-P01-514 from which the undersigned is authorized to draw.

Dated: March 1, 2005

Respectfully submitted,

By
